- Thymleaf, Razor
- SwaggerUI
- Javascript: React
- Databases: MySQL, MongoDB
- HTML/CSS + TailwindCSS
- Git
- Postman
- Linux/Windows

PERSONAL PROFILE

I am a third-year student of computer science with a passion for programming. My journey with computer science started with exploring the world of JavaScript, however, I quickly became fascinated with Java and its versatility. Currently, my interests mainly revolve around backend development, especially programming in Java using the Spring framework. I am fascinated by application development and expanding my knowledge, which is why I am looking for internships that will allow me to grow as a developer.

EDUCATION

Politechnika Białostocka

Computer Science
